I am very happy to be here, all my colleagues are very nice and friendly to me.

I am having a great experience and chance to discover the beautiful country of Thailand.

All the time in Phuket was unbelievable, I felt comfortable.

During my internship I developed on the one hand my english skills and my independence,

on the other hand I've learned all about checking in, checking out, escorting customers to rooms, answering the inquiry from customers, and lots more...

This internship has been unforgettable.
